Burns Recovered was established in 1983 by a group of burn survivors with assistance from members of the burn care team at Mercy Medical Center. All felt the passion and need to help burn survivors and their loved ones during and after hospitalization.

Burns Recovered consists of a dynamic team of individuals from the public, corporate, medical and fire service communities dedicated to providing support and hope in the journey of recovery from the trauma of burns.

We provide emotional and practical support for burn survivors and their loved ones, including hospital visits, support group meetings, and work and school re-entry support. Our goal is to ensure that burn survivors connect with the support they need to move past the physical scars and live lives with fullness and joy.

Physical healing from burn injuries has unique challenges; emotional healing from the trauma can also be very overwhelming. Complete recovery requires care for the whole person.

Our peer-to-peer support, group meetings, social events and ongoing contact and support provide essential tools to assist burn survivors in their recover.

Burns Recovered is committed to:

- Providing emotional support and understanding with peer support and professional care
- Easing the transition from hospital to home, school, and/or work
- Providing a life-changing summer camp for burn-injured children
- Educating the community to promote burn awareness and prevention

MIDWEST CHILDREN'S BURN CAMP

Midwest Children's Burn Camp (MCBC) challenges children who have experienced burn injury and smoke inhalation to be the best they can be. We also encourage them to expand their strengths and skills to the fullest.

MCBC provides freedom from rejection, isolation, loneliness and frustration that burn survivors can experience. This unforgettable summer camp experience gives the child a renewed sense of independence and confidence. MCBC unites burn survivors, helping them play, heal, grow and support each other after tragic and life-altering burns.

WHERE

MCBC is located at Camp Taum Sauk, in beautiful Lesterville, Missouri.

ACTIVITIES

Campers enjoy horseback riding, fishing, archery, river activities, swimming, arts and crafts, and so much more.

ELIGIBILITY

Children between 6-17 who have been hospitalized for burns or smoke inhalation, subject to medical approval.

CAMPER FEE

Campers attend at no charge!

Camp is supported through generous donations to Burns Recovered.

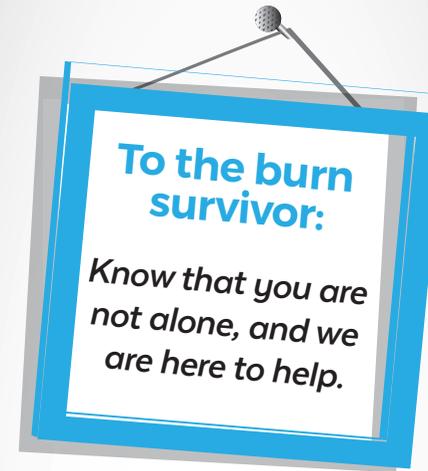

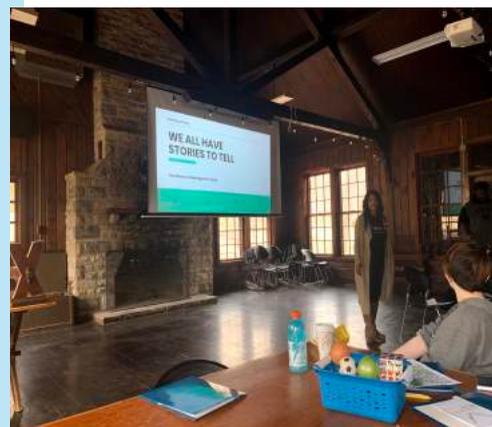

To learn more or to register, visit www.bsrg.org

CHANGING TIMES

Changing Times is a special retreat for young adult burn survivors between the ages of 18-25. This retreat helps young adult survivors as they transition from their years at MCBC into adult lives.

Changing Times offers practical support, life skills and direction during this important transition into adulthood.

BURNS RECOVERED SUPPORT GROUP

Scars from a burn injury, both physical and emotional, can last a lifetime for survivors and their loved ones.

While physicians heal the physical wounds caused by burns, Burns Recovered helps the emotional healing begin and continue.

Through Support Group, burn survivors find their inner strength and beauty so they can live their lives fully with purpose, confidence and hope.

ST. LOUIS

Mercy Hospital, 5th Floor, Burn Center Waiting Room First Thursday of every month | 6 p.m.

Please contact our office for information about peer support and support groups in the Kansas City, Columbia, and Springfield, MO areas.

Support meetings are open to all burn survivors, co-survivors, and anyone else who wishes to learn more about burn recovery.
